

PBPC 2024 ANNUAL CONFERENCE

April 8-10, 2024, Omaha, NE

CIRCULAR SOLUTIONS

ABOUT PBPC 2024: CIRCULAR SOLUTIONS

The Plant Based Products Council's annual conference, Circular Solutions, will convene PBPC members, industry leaders, policymakers, and other stakeholders in the heart of America's bioeconomy to discuss the industry's current landscape and what lies ahead. To play a leading role in this year's event through sponsorship, please contact PBPC's Keniece Barbee at keniece@pbpc.com.

The Plant Based Products Council (PBPC) advocates for a shift toward a more circular bioeconomy through greater adoption of renewable, plant-based materials supported by appropriate end-of-life infrastructure. PBPC is a premier issues advocacy organization, working tirelessly alongside policymakers to advance the growth of the plant-based products industry. While other organizations represent interests related to plant-based foods and biofuels, PBPC specifically focuses on plant-based products, including bio-based plastics, textiles, and ingredients.
