POLICY SUMMIT

May 12 -13, 2026, WASHINGTON, D.C.

ABOUT PBPC 2026: AG BIOECONOMY POLICY SUMMIT

PBPC Ag Bioeconomy Policy Summit will bring together leaders from across the bioeconomy — including policymakers, industry innovators, and researchers — to explore how U.S. agricultural innovation is driving progress toward a more circular, resilient, and competitive economy. Hosted by the Plant Based Products Council, the Summit will spotlight policy solutions that unlock growth across the bioeconomy, strengthen domestic manufacturing, and advance America's leadership in renewable materials

About the Plant Based Products Council

The Plant Based Products Council is an association of like-minded organizations that are advocating for a shift toward a more circular bioeconomy through greater adoption of renewable, plant-based materials supported by appropriate end-of-life infrastructure. We educate stakeholders and advocate for programs and policies that will support the growth of the plant-based products industry, helping to harness its environmental and economic potential to deliver a more sustainable future.
